Description of Activities Performed:

On August 24, 2009, RST 2 was activated to respond to a mercury spill from a passenger suitcase, at the American Airlines departure terminal located at the Luis Munoz Marin International Airport (SJU), Carolina, Puerto Rico. RST 2 provided back up support and photographic and written documentation of response activities which included entries made by the Puerto Rico Environmental Quality Board Emergency Response Personnel. In addition, the Civil Support Team to collect samples, as requested by the FBI. The removal action was conducted by Indutech Environmental Services, contracted by American Airlines.

RST 2 prepared and submitted the Emergency Response Trip Report documenting the response activities. The Trip Report included a photographic documentation log and site location map. The report was submitted to the OSC on September 1, 2009.
